Eriez® ProGrade® Offers the Right Protection at the Right Price

Erie, Pa. – Eriez proudly offers its high quality, low cost **ProGrade® series of Magnetic Separators**.

The **ProGrade** line includes standard magnetic plates, grates, traps and tubes. According to Eriez, most items are in stock and ready for quick shipment.

President of Sales and Marketing. “Whether you need a low cost plate magnet for equipment protection or a high power sanitary grate magnet to ensure product purity, **ProGrade** gives you the best for less.”

ProGrade series professional grade magnets are available at three different degrees of magnetic strength, enabling professionals in diverse industries to choose the ideal level of protection for their specific application. Eriez offers **ProGrade Ceramic** series, **ProGrade Rare Earth** series and **ProGrade Xtreme™** series.

ProGrade Ceramic series, designed for general industry assemblies, targets the removal of medium to large ferrous contamination. These products offer basic protection from tramp metals damaging downstream equipment.

ProGrade Rare Earth series, ideal for improving product purity in general industry and some food and chemical applications, targets small, fine and weakly magnetic ferrous contamination. Assemblies are designed with precise attention to welds and finish, and feature stainless steel construction and high power magnets.

ProGrade Xtreme series, designed for food and pharmaceutical-grade assemblies, offers the ultimate in ferrous contamination removal, the finest materials and construction techniques and the industry’s most powerful magnetic circuits.
